

THE NUMBER 1 GUIDE TO PREVENTING SKIN CANCER

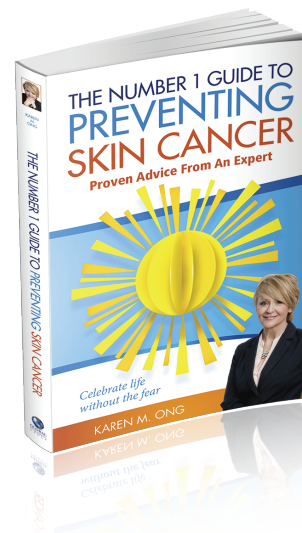

Spotscreen is excited to present the International Best Selling book: ***The Number 1 Guide To Preventing Skin Cancer – Proven Advice From An Expert*** written by Spotscreen's own Clinical Director and Specialist Screening Practitioner, ***Karen M. Ong***.

This comprehensive and easy-to-read guide was specifically created to help everyday Australians protect themselves and their families from skin cancer.

In response to the thousands of questions ***most commonly asked during workplace skin cancer screenings***, plus the culmination of many years of research, professional and personal experiences, this valuable book offers lifesaving information and resources on;

- ✓ **How solar radiation affects our skin**
- ✓ **Understanding the types of skin cancer**
- ✓ **How to self-check and spot skin cancer**
- ✓ **What to do if you find anything suspicious (including a letter for your Doctor)**
- ✓ **How to protect yourself against skin cancer, sun damage and skin aging**
- ✓ **Myth busting: Sunscreen, skin cancer & Vit D**

How this book will benefit your company

The rate of skin cancer is growing and every Australian is at risk. Outdoor workers are at a particular high risk, as is the workplace that employs them. Educating staff in skin cancer and sun safety practices can help save lives and reduce the risk of workers' compensation liability.

To support the health & safety of your valued team, Spotscreen is delighted to exclusively offer you copies of the book at \$9.95 each (RRP \$29.95) until December 30 2015. If you would like to purchase the book, please click on the website link below and enter the Coupon Code **SAFETYSPOT15.**
